田 天 天

1.6 ✖ Alef

The letter Alef is not sounded in the same sort of way that other consonants are. It indicates a momentary stocking of the flow of breath. It is a glottal stop. It is like a tiny pause in the middle of the word 'Sea-eagle'. When Yisre'eyleeth words are written in English letters, ✖ may be represented by a apostrophe

	V' HA	✖ T	L' A HA	✖ T	D' H HA EH	✖ T
✖ A glottal stop as in uh`oh (silent when word final)	V' HA HA	✖ T	T' HA HA	✖ T	'ONE	✖ T
	'REHTAF	✖ T	'HE ATE	✖ T	H' HA HA	✖ T
	'THE FATHER,	✖ T	'HE SINNED,	✖ T	'THE BROTHER,	✖ T
